

Farmers: Be a Part of Our Updated Directory

The Oklahoma Food Policy Council is updating *The Oklahoma Food Connection 2003: A Directory of Agricultural Producers, Crops and Institutional Buyers*. Institutional food service buyers (schools, resorts, colleges, etc) as well as chefs and the general public will use the directory to locate Oklahoma-grown fruits, vegetables, grains, nuts, meat, fish, eggs, dairy and honey.

In addition to updating the directory, we are compiling a list of farmers interested in visiting a local school or hosting a tour of their farm by school kids.

If you are already listed in the directory and would like to update your entry or if you would like to be listed for the first time please fill out the form below and return to: Liz Speake, Kerr Center, PO Box 588, Poteau, OK 74953

Listing in the Food Connection is free of charge. The directory will be printed and distributed later this year and will also be online.
